Figure 10B is a cross-sectional view of a multi-layered structure 10B. The structure consists of a central core 11 and two side regions 12. The core 11 is divided into three horizontal layers, each containing a central upward-pointing arrow labeled E2, E3, and E4 from bottom to top. The side regions 12 are also divided into three horizontal layers, each containing a central upward-pointing arrow. The top surface of the structure is labeled 13, and the bottom surface is labeled 14. The side surfaces are labeled 15. The structure is bounded by two vertical lines labeled 16 and 17. The width of the structure is indicated by dimension lines D1 and D2. The height of the structure is indicated by dimension line H. The structure is labeled 10B in the top left corner.
